

TITLE: Entry Level Technician

REPORTS TO: Director of Operations

JOB DESCRIPTION:

Building Infrastructure Group, Inc. in Chantilly, VA is seeking hardworking, motivated individuals to fill the role of Entry Level Technician. In this position you will assist BIG's current staff with the installation of infrastructure cable plant systems in the NOVA Metro area. You will also complete all tasks associated with the installation and build-out of Voice/Data/AV systems. Both classroom and on-the-job training are provided.

RESPONSIBILITIES:

- Installation of low voltage communication cabling – consisting of copper, fiber optic, coaxial cables, and AV cabling within new commercial construction and existing client office space
- Build-out of telecommunication closets to include racks, cabinets, ladder racking, patch panels, and AV equipment and devices.
- Testing, labeling, and certification of new cable installations and AV equipment

JOB REQUIREMENTS:

- Motivation and willingness to learn
- Attendance and punctuality
- Familiarity and the ability to work with hand tools
- Valid driver's license & reliable transportation to travel between client job sites
- Ability to successfully pass a pre-employment screening process that includes a criminal background check, drug screen, and driving record check
- Flexibility to work various shifts and willingness to travel is preferred

Send your resume to resume@biggp.com. We are looking forward to hearing from you!
